Dear Lieutenant Commander Duczmal

InterManager would like to congratulate your Academy on recruiting, training and developing such a fine young people as Paulina Kugaczewska and Patryk Babinski.

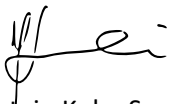

The weekend, 7-8 July 2018, both cadets displayed the highest leadership standards when leading group of four students during the Seafarers UK 24 Peak Challenge.

The Lake District contains some of the most challenging terrain in the UK and it is a serious endeavour to scale 24 of its peaks within 24 hours.

Paulina and Patryk managed his group superbly, demonstrating his ability to cope with very dynamic and sometimes uncomfortable situations. They ensured that their team was safe and sound and thanks to their leadership skills they were able to return home without any problem.

We applaud their confident handling of this challenge and would be grateful if you could pass on our congratulations to them.

With kindest regards

Captain Kuba Szymanski  
Secretary General  
InterManager
